Wheat Market Booming.

Chicago, May 5.—The price of wheat was boosted again this morning. When the bell rang at the Board of Trade brokers were anxious to get May wheat, and in a jiffy the cash article had gone up to \$1.37, 6 cents higher than the closing price of last night. There were plenty of selling orders, however, and the price quickly reacted to \$1.31, the price of last night. night, but again there were many who wanted the cereal, and at 10:20 the price had been forced up again to \$1.34.

The July commodity went up in sympathy with the May option.

Horse Show Opens Auspiciously. Though the Skies Are Somber, the Patrona Are Gay-Neurby Horses Carry Off the Honors.

In defiance of weather heavy with threats of rain, a very distinguished repearly hours of the Washington Horse Show's second day. The patronage and approval offered the affair by Washingon's elite is a source of great satisfaction to the management of the horse show, and will go far to encourage its stablishment as an annual institution in

the National Capital. The triffing difficulties necessarily atendant upon the opening of such an af fair have been overcome and smoothed away and there is no ground for criticism against either the management cism against either the management of the entries. In fact, the entries are of such a high class that more than local interest attaches to the success of the event, which now seems assured beyond the peradventure of a doubt, and the standard of horseflesh exhibitions will of a necessity be elevated throughout the East as a result of the Washington Horse Show.

East as a result of the Washington Horse Show.

No little regret is occasioned by the fact that the August Belmont entries have nearly all been scratched, but on the whole, Mr. Belmont's exhibts are probably better off, having been spared the chagrin of possible defeat. The famed stock farms of Virginia are well represented, and their entries seem to have a monopoly of biue ribbon honors. Two Virginia bred horses carried off first prizes the first day, and three more were awarded second honors. Of the Washington entries those of Mr. F. C. Stevens have been liberally rewarded with prizes. Yesterday the ring was a trifle slippery, which was a source of great inconvenience to exhibitors, and caused several accidents that narrowly escaped being

ience to exhibitors, and caused several accidents that narrowly escaped being serious. This has been remedied, however, and the tanbark show ring is now all that could be expected.

The morning hours of today were given over to exercising, and brought out a number of very handsome animals in harness and under saddle. There will be another parade of hackney studs today, and it may be remarked that the exhibit in this class is perhaps the finest ever seen in any show ring. The parade today will be for prizes, which was not the case yesterday. The judging prize competitions will begin at 2 p. m.
